

The Black Pearl Digital AG is a high-tech development startup-company located in Munich. We are specialized in ICO-Management and Blockchain-Application Development.

ICO-Manager (f/m) - Blockchain Industry

To support our team in Munich we are searching for an additional ICO-Manager (f/m) in full-time.

What are the challenges

- You manage Initial-Coin-Offerings for our customers from the very first contact to the end of the fundraising.
- You develop strategies together with the marketing department and enable smooth token sales.
- You hold presentations in front of potential customers to introduce ICOs and their life-cycle in general.

What we offer to you

- You work with a highly motivated team of technicians and economists.
- You extend your crypto-currency and blockchain knowledge within advanced trainings.
- Startup culture, flat hierarchy, you directly report to the C-Level-Management.
- Perfect work-life balance with flexible working hours, holidays and home office.
- Free drinks and coffee as well as an office in the heart of Munich.

What we expect from you

- You successfully finished your studies in Computer Science, Business Economics or in a related field.
- You have excellent and fluent skills in german and english language.
- You gained knowledge in crypto-currencies or blockchain in general.
- You are willing and able to understand the technical side of blockchain as well as the economics.

Please send your full application including cover letter, cv and reports to [application\(at\)blackpearl.digital](mailto:application(at)blackpearl.digital).
